The Korea-Australia Special Symposium on Flotation

KIGAM, Daejeon, South Korea, Sep. 11th - 12th, 2018

Organized by Development of Mineral Resource (DMR) Convergence Research Center, Korea Institute of Geoscience and Mineral Resources (KIGAM), National Research Council of Science and Technology (NST).

Organizing Committee

Chairpersons

Dr. Kwangsuk YOU, KIGAM, Korea

Dr. Kwanho KIM, KIGAM, Korea

General Scope

DMR invites you to attend a **The DMR-Australia special symposium on flotation** on September 12th, 2018 in Daejeon, South Korea. The purposes of the symposium are to share the recent research results by professional researchers, exchange ideas, and promote the cooperation among mineral processing researchers.

The Topics of the Symposium

- Interaction forces between bubble and particle
- Coalescence and break-up of bubble
- Dynamic simulation of flotation
